Dear Harold,

I was very happy to see your book "~~CASE~~ OPEN", by  
a big publisher, in Waldenbooks, and many other bookstores, I purchased  
it and immediately threw away Gerald Posner's book (it was pathetic)  
Harold, just a few questions.

- \* Will the Top Secret evidence ever be made available before  
the year 2038? Is anyone working on that?
- \* Is anyone trying to get this case re-opened? Maybe the  
new administration of Janet Reno or Al Gore, will they listen?
- \* Also, did you know Gary Underhill of the OSS, I met  
a man who said he was in the OSS, and Gary knew of the  
plot, and was later found dead.

I really enjoy your books, I also just read "Farewell America"  
by James Hepburn, it was almost as good as your books.

P.S. Please send Whitewash TV

Dear Mr. Brown,

I regret to have to tell you that the questions <sup>ask</sup> you ~~as~~ reflect being influenced by the innumerable assassination mythologies and by the innumerable books that are written by those who are not well informed, if informed at all about the JFK assassination.

There is no TOP SECRET evidence of the assassination itself because the crime itself was never investigated. The reference to 2038 is fiction. It is based on ignorant misinterpretation of something Warren said, that some evidence could not be disclosed for 75 years. That was because it has been a policy for decades not to disclose information that can be in error, can reflect adversely on people or both. And the junk they got from the FBI is loaded with both.

There is not likely to ~~be~~ <sup>be</sup> any new investigation for a number of reasons. The one that should be understood by critics is that there is no possible investigation that is not also an investigation of the FBI and there is not much likelihood of any political career surviving that.

From the time the Gary Underhill story appeared in Ramparts almost three decades ago I've seen nothing to confirm it.

Farwell American, originally L'Amerique Brule, is a job by the French CIA, SDECE, to disinform, I suppose on behalf of the CIA but there is no proof of that.

If you look at it again you'll see it has almost nothing about the assassination. It is a diatribe against those who are made out to be behind the assassination with not a bit of proof.

Whitewash IV herewith.

Thanks and best wishes,

*Herold Weeding*
